Would You Like to Help Create a Fairy Garden?

Plans are being made to create an indoor Fairy Garden in February. We will host a guest presenter, Marcy, who plans to be at Pleasant View in the afternoon on Friday, Feb. 15, and Saturday morning, Feb. 16.

Residents will meet in Club 48 on both days and will have the opportunity to assist in creating an indoor Fairy Garden that will be on permanent display at Pleasant View. Lead by Marcy, interested residents will work in groups of four having fun putting together a magical miniature fairyland.

Watch your Activity Calendars during the week of February 11 for more details and specific times for the project. It should be a creative and fun experience for everyone involved!
